

Automate. Accelerate. Stay compliant.

All @ 10¢ / doc

A game-changer for debt collection agencies and litigation firms drowning in daily document chaos

Why it matters

Every day, collection agencies and law firms spend hours sorting through thousands of incoming emails, attachments, scanned docs, and court notices. Manually managing these leads to:

Delays

Errors

Compliance risks

High operational costs

Our IDP solution and services eliminate these challenges by leveraging the precision of Artificial Intelligence (AI) and Robotic Process Automation (RPA), backed by expert human intervention.

What you get

Process 10,000+ documents daily

Scale instantly, no hiring needed

10¢ per document.
That is it!

Reduce costs drastically with high-speed, low-touch automation

Ready in 5 business days

Pre-configured workflows. No delays

99%+ classification accuracy

Trained on ARM-specific documents (Orders, Garnishments, Notices, etc.)

Seamless Integration

Fully integrated with your existing litigation & collections system

What it does

Mailbox monitoring & sorting

- Extracts metadata from emails & attachments
- Downloads from links (with/without login)
- Organizes docs in structured folders

Continuous learning

- Add new document types anytime
- Auto-improves with usage
- Includes 50 hours/year of free professional services

Intelligent classification

- AI + RPA to tag & categorize documents using keywords, headers, metadata
- Classifies legal pleadings, court orders, dismissals, garnishments, etc.
- Exception routing for SME/manual review

Compliance automation & redaction

- Redacts PCI/PII like SSNs, credit card info
- Applies FDCPA-compliant checklists
- Flags exceptions & formats for review

Business benefits

80%

less manual
effort

3x

faster
turnaround

99%

drop in data entry
errors

Up to 70%

operational cost
savings

Avoid
regulatory fines
& missed SLAs
